RIOT GRENADE LAUNCHER

RIOT GRENADE LAUNCHER

AK-40RGL

BASIC SPECIFICATIONS

- it is forbidden to fire HE and similar ammunition with the AK-40RGL, these models are designed for use only with gas cartridges.
- Lightweight and ergonomic design for ease of use and transport
- Medium carbon alloy hard wear resistant, hard chrome plated barrel with hard chrome finish for long barrel life
- Picatinny rails on top and sides to allow for various attachments
- Double-sided cock safety
- Telescopic stock that can be easily removed thanks to the rail at the top of the receiver
- Ability to be carried or fired without a telescopic stock in tight spaces such as inside armoured vehicles
- Fast and easy filling and emptying for right and left users
- Continuous firing readiness with infinite trigger system
- Attachment of sling straps on the stock and body
- Design that prevents the shooter from being affected by gas after the shot
- Ease of aiming and shooting thanks to the folding handle under the barrel

MAIN PARTS OF THE GUN

- Barrel Assembly
- Lower Receiver Assembly
- Stock Assembly
- Sight Assembly

Operating System: The release lever on the upper part of the receiver is pressed and the barrel breaks open and the barrel is closed manually after loading/unloading. This pistol has a double-action trigger system which automatically starts the action when the trigger is pulled

Caliber: 40 mm

Barrel Length: 305 mm (12")

Total Length (Telescopic Stock Opened): 735 mm (28,9")

Total Length (Telescopic Stock Closed): 660 mm (26")

Weight (Unloaded): 2200 gr

Working System: Single Loading

Trigger: Double Action

Safety: Ambidextrous Slide Safety

Sight System: 80/100/130 m

Shooting Mode: Single Fire

Effective Range: 100 m

Trigger Pull Force: 45 (±15) Newton

Stock: Standard Telescopic Stock

Shooting Velocity: 5-6 Rounds / Minute

Barrel Type: Smooth Barrel

Barrel And Receiver Material: Barrel 4140 Steel, Receiver 7075 Aluminum

Type Of Ammunition: 40 mm Gas Cartridges

Sling: NATO QD Tactical

RIOT GRENADE LAUNCHER

AK-37RGL

Barrel And Receiver Material: Barrel 4140 Steel, Receiver 7075 Aluminum

Type Of Ammo: 37/38 mm Gas Cartridge

Sling: NATO QD Tactical

RIOT GRENADE LAUNCHER

AK-40RFL

BASIC SPECIFICATIONS

- it is forbidden to fire HE and similar ammunition with the AK-40RGL, these models are designed for use only with gas cartridges.
- Light and ergonomic design for ease of use and transport
- Hard wear resistant, hard chrome coated barrel with mid carbon alloy that provides a long barrel life span
- Picatinny rails on top and sides that allow various additional equipment
- Ambidextrous safety slide
- Telescopic stock that can be easily detached thanks to the lever at the top of the receiver
- Capability of being carried or fired without telescopic stock in narrow places like the interior of armored vehicles
- Quick load in gun loading both for right- or left-handed users
- Being ready to fire thanks to the double-action trigger system
- Sling can be attached on both the stock and receiver
- Design that protects shooters from the gas emerging after firing the gun
- Ease of targeting and shooting thanks to the foldable vertical grip located under the barrel

MAIN PARTS OF THE GUN

- Barrel Assembly
- Lower Receiver Assembly
- Stock Assembly
- Sight Assembly

Operation: Release lever on the top of the receiver is depressed and barrel breaks open, and barrel is closed manually after loading/unloading. This gun has double-action trigger system that cocks the action automatically as the trigger is pulled. Safety is disengaged by sliding it down making the gun ready to fire

Caliber: 37/38 or 40 mm (as requested)

Barrel Length: 305 mm / 340 mm

Barrel Profile: Twisted 1/6" ratio

Total Length (Telescopic Stock Open): 735 mm / 770 mm

Total Length (Telescopic Stock Closed): 680 mm / 715 mm

Weight (Unloaded): 2200 gr / 2500 gr

Action: Single Break Action

Trigger System: Double-Action Trigger

Safety: Ambidextrous Slide Safety

Sight System: Low Position and 80/100/130 Meter Intervals

Shooting Mode: Single Shot

Effective Range: 100 m

Trigger Pull Force: 45 Newton

Stock: Detachable Telescopic

Shooting Velocity: 5-6 rounds/minute

Barrel And Receiver Material: Barrel 4140 Steel, Receiver 7075 Aluminium

Type Of Ammunition: 37/38 or 40 mm gas cartridges (as requested)

Sling: NATO QD Tactical

RIOT GRENADE LAUNCHER

AK-37UBFL & AK-40UBFL

BASIC SPECIFICATIONS

- it is forbidden to fire HE and similar ammunition with the AK-40RGL, these models are designed for use only with gas cartridges.
- Lightweight and ergonomic design for ease of use and transport
- Unique design for right- and left-handed operation (safety latch and double-sided loading)
- Possibility to be used as a Gas Launcher rifle with telescopic stock as well as being mounted on an infantry rifle
- Double-sided indicator showing whether the gas cartridge launcher rifle is loaded or unloaded, Mechanical sighting system that allows night shooting and can be mounted on both sides, Medium carbon alloy, high abrasion resistant hard chrome plated barrel that provides long barrel life, Ability to mount additional equipment on top and sides thanks to Picatinny rail system

MAIN PARTS OF THE GUN

- Barrel Assembly
- Lower Receiver Assembly
- Stock Assembly
- Sight Assembly

Operating System: When the buttons on both sides of the barrel are pressed at the same time, the barrel automatically moves forwards and the mechanism can be opened to the right or left and loaded manually. This weapon has a double-action trigger system that automatically initiates the action when the trigger is pulled

Caliber: 37mm /38mm or 40 mm (as requested)

Barrel Length: 190 mm (7.5")

Total Length (Stock Opened): 620 mm (24,4")

Total Length (Stock Closed): 545 mm (21,5")

Total Length MPT-76(Infantry Rifle) Mounted: 270 mm (10,5")

Weight (Stand Alone-Unloaded-With Stock): 2700 gr

Weight (MPT-76 Mounted-Unloaded-Without Stock): 1725 gr

Sight System: 100-400 m

Fire Mode: Single Shot

Fire Velocity: 5-6 Rounds / Minute

Muzzle Velocity: Minimum 76 m/s (±5m/s)

Effective Range: 100 m

Trigger pull force: 30-60 Newton

Trigger: Double Action

Lock Force: 60-100 Newton

Barrel Life Span: 5000 rounds

Shooting Pattern: 130 m - 10 m Inside Radius Circle

Type Of Ammunition: 37/38mm or 40mm Lighting and Gas cartridges (as requested)

RIOT GRENADE LAUNCHER

AK-37FGL

BASIC SPECIFICATIONS

- it is forbidden to fire HE and similar ammunition with the AK-40RGL, these models are designed for use only with gas cartridges.
- Light and ergonomic design for ease of use and transport
