KPOS G2 CZ DUTY

2nd' gen PDW conversion kit for CZ Duty

The **K.P.O.S. G2 P.D.W.** Conversion-Kit turns a standard handgun into a rock solid personal defense & special operations weapon system.

It is used by sportsman and elite military / law enforcement units around the globe in order to maximize ability, versatility and performance while maintaining zero retention for accurate medium range use and minimal dimensions for covert operations and CQB.

Advantages:

- Solid Aluminum frame, made of 6061 T6 billet hard anodized Aluminum
- Built-in AR15 style charging/cocking mechanism for ambidextrous and comfortable use
- Folding slim-profile stock with a rubber butt-pad makes it comfortable yet easy to conceal
- Height adjustable stock for perfect use with various mounted sights
- Removable flash hider for silencer/suppressor, assembles with only one bolt
- Quick and easy installation, requires no tools or handgun modification
- May assemble in hands, free standing, and does not require lying down on a table
- Full length 1913 MIL-STD picatinny upper rail, side rails & lower rail
- All system parts are one with the frame – no risk of loss
- Smallest & lightest frame (folded or open) compared to any alternative
- Highly ventilated frame for appropriate heat dissipation for use with compensator models
- Provided with the F-GGK Trigger Guard Foregrip, enhances weapon safety by securing “loaded chamber” carry
- Incorporates a Lifetime Warranty

Compatibility:

CZ (Česká zbrojovka): 75 P-07 DUTY

KPOS G2 Glock 17/19

2nd' gen PDW Conversion kit for glock 9mm models

The KPOS G2 P.D.W. Conversion-Kit turns a standard handgun into a rock solid personal defense & special operations weapon system.

It is used by sportsman and elite military / law enforcement units around the globe in order to maximize ability, versatility and performance while maintaining zero retention for accurate medium range use and minimal dimensions for covert operations and CQB.

Advantages:

- Solid Aluminum frame, made of 6061 T6 billet hard anodized Aluminum
- Built-in AR15 style charging/cocking mechanism for ambidextrous and comfortable use
- Folding slim-profile stock with a rubber butt-pad makes it comfortable yet easy to conceal
- Height adjustable stock for perfect use with various mounted sights
- Removable flash hider for silencer/suppressor, assembles with only one bolt
- Quick and easy installation, requires no tools or handgun modification
- May assemble in hands, free standing, and does not require lying down on a table
- Full length 1913 MIL-STD picatinny upper rail, side rails & lower rail
- All system parts are one with the frame – no risk of loss
- Smallest & lightest frame (folded or open) compared to any alternative
- Highly ventilated frame for appropriate heat dissipation for use with compensator models
- Provided with the F-GGK Trigger Guard Foregrip, enhances weapon safety by securing “loaded chamber” carry
- Incorporates a Lifetime Warranty

Compatibility:

Glock Gen 3 - 5 including 'C' Models, without a backstrap grip add-on.

Glock 17, 18, 19, 22, 23, 25, 31, 32, 37, 38.

Glock 34 & 35 - Requires pre installation manual adjustment.

KPOS G2 Glock 21

2nd' gen PDW Conversion kit for glock 0.45" models

The K.P.O.S. G2 P.D.W. Conversion-Kit turns a standard handgun into a rock solid personal defense & special operations weapon system.

It is used by sportsman and elite military / law enforcement units around the globe in order to maximize ability, versatility and performance while maintaining zero retention for accurate medium range use and minimal dimensions for covert operations and CQB.

KPOS SCOUT

FAB-Defense is proud to introduce the next product in its line of pistol conversion kits, the KPOS Scout! The KPOS Scout incorporates a hybrid construction, combining a rigid aluminum upper with a lightweight polymer lower, for a compact yet extremely durable and accurate handgun conversion kit. The KPOS Scout upper is machined from 6061 T6 aluminum, with a full length, integrated, 1913 MIL-STD picatinny rail, for ultimate rigidity and stability with any mounted optics and sights.

The aluminum upper also allows the Scout to be safely used with ported Glock models (G17C, G19C) The KPOS Scout Lower is made of reinforced polymer composite for improved usability and weight reduction and incorporates a new "one button" assembly design. Available in two configurations, KPOS Scout and KPOS Scout Advanced.

Advantages:

- New hybrid design, aluminum & polymer
- Extremely light weight, easily concealable and compact
- Quick and easy installation requires no tools or handgun modification
- Can be used with Glock 17 or 19 with no modifications to the handgun or to the KPOS Scout
- Snap locking mechanism- single button for quick, easy and secure assembly
- Ambidextrous M4 style charging handle
- Full length 1913 MIL-STD picatinny rail upper, short polymer lower rail and two removable side rails with integrated thumb rests
- Vertical foregrip folds to horizontal position and incorporates an extendable trigger guard
- Folding buttstock with high traction rubber buttpad
- Hard anodized solid 6061 T6 Aluminum upper
- Reinforced polymer lower and buttstock / brace
- Competitive pricing available in two versions, KPOS Scout and KPOS Scout Advanced
- Limited Lifetime warranty.

KPOS SCOUT

KPOS Scout:

- FGG-KPOS Folding foregrip & trigger cover
- SLS QD sling swivel
- Bungee, one point tactical sling

KPOS Scout Advanced:

- FGG-KPOS Folding foregrip & trigger cover
- SLS QD sling swivel
- Bungee, one point tactical sling
- Set of polymer backup sights FBS & RBS
- KPOS carry bag

Compatibility:

Glock models 17, 19, 19X, 22, 23, 25, 31, 32, 45 / Gen 3 - 5 including 'C' Models, without a backstrap grip add-on
