

SSA-9 Full Auto pistol

SSA-9 is designed for the use of Armed Forces and law enforcement for operations especially in residential areas.

It is light, ergonomic and practical. SSA-9 has 6.5" barrel lengths and different stock systems depending on the area and need of use. Picatinny rails on, top, bottom and M-LOCK sides of the barrel allow to use of compatible accessories.

This 9x19 mm submachine gun has the blowback (recoil operated), closed and unlocked bolt that provides more stable and accurate shooting.

BASIC SPECIFICATIONS

- Light and ergonomic design for ease of use and transportation
- High wear resistant, hard chrome coated barrel alloy that provides a long barrel life span
