

M77 B1 / 7.62x51 ASSAULT RIFLE

M77 B1 ORIGINAL (Auto/Semi Auto)

Assault rifle M77 B1 with standard stock, is based on Kalashnikov principle, it is characterized by an efficient and safe locking system that prevents firing before the rifle is fully locked.

Reliability of its functioning in various environments was confirmed by strict testing methods, in accordance with military standards.

The rifle has long service life and exceptional precision, as the barrel is cold forged.

Flash hider disperses the gas and reduces the flash of the flame thus **masking the position of the weapon.**

Fire selector has three positions: single shot, burst, safe.

Iron sights with tritium tubes provide the possibility of aiming in conditions of low visibility.

Hand guards and stock are made of quality beech.

Rifle grenade sight is an integrated part of the gas block, and rifle grenade attachment is included **in the complete set of the weapon.**

All assault weapons made in Zastava Arms in caliber 7.62 x 51 mm use the same metal magazine with the capacity of 20 rounds.
