

COLIBRI

The Colibri is dual-channel EO/IR stabilized camera with a minimal weight of 160 grams [5.6 oz]. The Colibri provides unparalleled capabilities in its weight category, providing an excellent choice for those in need of a light and powerful camera.

Zoom : x6.6 + x2 digital (total x13.2)

HFOV : 31° WFOV – 4.7° NFOV – 2.3° DFOV

Thermal Resolution : 640x480 or 384x288

Pitch FOR: -45° to +135°

Roll FOR: -180° to +180°

Weight : 160 grams [5.7 oz.]

Dimensions : Diameter=53mm [2.099"] x Height=78mm [3.07"]

COLIBRI 2

The Colibri2 is a dual EO-IR stabilized camera built for professionals needing a quality camera for day and night use. Weighing in at 180 grams [6.3 oz], the Colibri2 offers excellent image quality and sharpness to capture detailed imagery, such as license plates and faces.

Zoom : x20 + x2 digital (total x40)
FOV : 60° WFOV – 3° WFOV – 1.5° DFOV
Thermal Resolution : 640x480
Pitch FOR: -45° to +90°
Roll FOR: -180° to +180°
Weight : 180 grams [6.3 oz.]
Dimensions : 53mm [2.099"] x Height=81mm [3.2"]

NightHawk

The NightHawk is an EO/IR stabilized camera with a mere weight of 220 grams [7.8 oz]. The NightHawk delivers powerful thermal observation alongside visible imagery.

Visible Zoom : x6.6 + x2 digital (total x13.2)

HFOV : 31° WFOV – 4.7° WFOV – 2.3° DFOV

Thermal Resolution : 640x480

Pitch FOR: -45° to +135°

Roll FOR: -180° to +180°

Weight : 220 grams [7.8 oz.]

Dimensions : Diameter=64mm [2.5"] x Height=94 mm [3.7"]

NightHawk 2

The NightHawk2 is an EO/IR stabilized camera with a mere weight of 250 grams [8.8 oz]. The NightHawk2 delivers powerful thermal observation alongside long range visible imagery.

Zoom : x20 + x2 digital (total x40)
HFOV : 60° WFOV – 3° WFOV – 1.5° DFOV
Thermal Resolution : 640x480
Pitch FOR: -45° to +135°
Roll FOR: -180° to +180°
Weight : 250 grams [8.8 oz.]
Dimensions : Diameter=64mm [2.5"] x Height=94 mm [3.7"]

The FalconEye is an EO/IR stabilized camera offering long range thermal observation. Incorporating IR zoom lens the FalconEye is the best choice for night time observation.

Visible Zoom : x17 + x2 digital (total x34)
HFOV : 31° WFOV – 1.8° WFOV – 0.9° DFOV
Thermal HFOV : 30° WFOV – 10° WFOV – 2.5° DFOV
Pitch FOR: -45° to +135°
Roll FOR: -180° to +180°
Weight : 800 grams [28 oz.]
Dimensions : Diameter=104mm [4.1"] x Height=141 mm [5.6"]
