

Toyota Land Cruiser 76

The Toyota Land Cruiser 76 is an Armoured SUV with ballistic protection level: B6.

The Toyota Land Cruiser 76 is the perfect vehicle to use on rough terrain, used by VIP's, UN Organizations, NGO's. The Land Cruiser 76 has the flexibility of a five-seater with the formidable ability of a 4x4, with 151kw of power and 430 Nm torque.

Side armouring of passenger compartment to provide protection against ammunition up to CEN Level B6.

Floor blast protection against detonation of two DM-51 German ordnance hand grenades or equivalent.

Roof protection against up to CEN Level B6 at 45° angle of attack.

Ballistic steel interior frame provides overlap and backup protection for the large surface main impact areas such as the doors and windows.

All side armouring of passenger compartment (roof and verticle) to provide protection up to CEN Level B6.

Vehicle's armour plates are stitch-welded using high-intensity MIG welders to ensure maximum strength.

Transparent armouring achieved with multilayer glass/polycarbonate combination. Door pillars reinforced to accommodate the additional weight of the armoured door and heavy duty door hinges are fitted to provide durability and stability.

Door pillars reinforced to accomodate the additional armoured door weight, heavy duty door hinges are fitted.

Base Vehicle Specifications		4.2 Turbo Diesel, 1HZ
Engine	Engine Capacity	4164cc
	Valve	12
	Cylinder	6 cylinders
	Power	96kw @ 3800rpm
	Torque	285 Nm @ 2200rpm
Transmission	Transmission Type	5 Speed Manual
Suspension	Front	Standard Rigid live axle, coil spring
	Rear	Rigid axle, leaf spring
Brakes	Front	Caliper, Pads and Ventilated Discs
	Rear	Ventilated Drums-in-Discs
Steering	Steering Type	Recirculating ball, power assisted
Drivetrain	Drive System (option)	4WD
Fuel	Type	Diesel
Tyres	Tyre	265/70 R16 C
Seating	Vehicle Capacity	5
