

SCRD-18A IMP 1x23x34 4 Reticles Red & Green Dot Sight Weaver Base

Very Light,
Four Kinds of Reticle,
Reticle Lock System (Real Shock Proof)

Magnification: 1.0x
Objective Lens Size: 23x34mm Wide field window
Length: 80mm (3.1 inch)
Width: 38mm (1.5 inch)
Weight (net): 110g (3.9 ounce)
Eye Relief: Free
Field of View (M@ 100M): 15.7
Optics Coating: Multi Coated
Reticle: 5 Levels Red and Green Dot
Parallax(angle @ 50 yards): 5'
Elevation Range: ± 20 MOA
Windage Range: ± 20 MOA
Battery Type: CR2032
Reticle: Four kinds of reticles; Reticle exchange with audible clicks
Reticle locking system supports real hard recoil
5 levels red and green brightness
Low power consumption for longer battery life
Shock proof (1000g) and Fog Proof
High quality aluminum alloy in durable black matte finish
Feature 1 M.O.A (100 Yards) windage and elevation with for greater precision
Install on 21mm picatinny and weaver railol
